FILED: June 13, 2001

FOR: IMPEDANCE-BASED CHEMICAL AND BIOLOGICAL IMAGING
SENSOR APPARATUS AND METHODS

3RD CORRECTION TO AMENDMENT DATED SEPTEMBER 8, 2004

Hon. Commissioner for Patents
P. O. Box 1450
Alexandria, VA 22313-1450

S I R:

Your Office Action of March 1, 2005, was responded to upon receipt by a correction that was faxed on March 7th and followed up by a telephone call intended to make certain that the fax was properly transmitted. It was not until more than two months later [May 20th] that I received your notice of May 17th stating that parts of the faxed pages are illegible. I am accordingly retransmitting the following five pages and am sending them to you by first class mail.

Respectfully submitted by,

Solomon Zaromb
